WELCOME

IN DEDICATION

We, the Senior class of 1960, in appreciation of the great help and inspiration you, Mr. Rex Miller, have given us in our few short years here at G. H. S., do dedicate to you this edition of The Broncho. We have found you always to be honest and loyal to us and always behind us in our scholastic work and in our athletic activities.

SUPERINTENDENT'S MESSAGE

It is with sincere gratitude that I express thanks to the patrons of Grady School for the pleasant stay you have afforded me the four years I have been your superintendent. You have helped to make our school a better community.

To the class of 1960, I wish to express appreciation for your accomplishments in publishing this volume of "The Broncho." I know it contains many treasures which you will cherish very dearly in the years ahead. I trust that these fond memories will reign supreme when your thoughts present retrospective visions of your sojourn at Grady High School.

My charge to the undergraduates is: to work diligently in search of truth - for this is the key to the door of success, peace, and satisfaction; to follow the examples of hard work; and to discriminate between heights than those who have gone out before you.

I commend the faculty and other school personnel alike for your cooperation, loyalty, and sincere efforts in seeing the jobs well done. There have been no weak links in this chain of individuals.

The group of individuals behind the scenes - the members of the Board of Education have served faithfully and unselfishly. For this and their efforts to provide the best education possible for the youth of the community, I wish to pay tribute.

In conclusion and admonition to the community in general, I wish to reiterate the words of the Master which I think apply to education as well as to spiritual values: "Seek and Ye shall find . . ."

*Sincerely,
F. D. Shot*
